

April 13, 2017

Dear Wildwood Member:

Both the Board of Directors for your Association and the Plaintiffs in the lawsuit known as Teri L. Byrd, et al vs Wildwood Property Owners Association highly recommend you vote to approve the amendments to the Association's governing documents and extending traffic laws to your subdivision. As the attorneys for both sides, we believe that the amendments and traffic law extension meet the requirements of both the mediated Settlement Agreement in the lawsuit as well as current Texas law.

We urge you to please vote to approve the amendment of the Articles of Incorporation, the Amendment of the Bylaws, the amendment of the Dedication and Restrictions, and to approve the extension of traffic rules to Wildwood.
